

## April 15-19, 2024

I pray everyone had a nice weekend and you were all able to enjoy this beautiful weather God blessed us with. I'm hoping we will have that same type of weather this week! Here are notes for the week:

★ Reminders:

- This quarter we are supporting a new mission. We are supporting Martin Luther College, our school of ministry. This is where the majority of our pastors and teachers come from.
- Keep filling out your worship attendance sheets in your red folder.

★ Thank you to those of you who brought sprinkles for Friday. It was a messy, but fun time!

★ We are studying the body in science class. If anyone has books related to the body, the kids can bring them in and we will read them throughout the next few weeks!

★ Here's what we will be learning this week:

- Science we will study our bodies.
- Math we are subtracting and talking 3D shapes.
- Christ Light we will learn stories about Elijah.
- Superkids we will learn AW words, write a descriptive paragraph, and work on writing and answering questions.
- Music we will work on studying a hymn for the week.

Mrs. Trimmer
