

May 6-10, 2024

Welcome to another week! There are about 14 days left! Let's keep working hard and finish strong! Here are notes for the week:

- ★ Reminders:
 - Please continue to support our chapel mission for MLC.
 - Keep filling out your worship attendance sheets in your red folder.
- ★ Remember to also bring back the permission slip for our Beaver Dam field trip on Friday, May 10.
- ★ Reminder to pay attention to the 10 day countdown calendar.
- ★ On Tuesday, May 21st, we will be having an author day at school. The students have all been writing their own books. We would love it if you could join us in our classroom at the end of the day. If you would like to attend our author day to hear the students read their stories, please RSVP to me by Friday, May 17th. We will start reading around 2:30pm and go until the end of the day. I would ask that only 2 people per student show up. We have a limited amount of space in our classroom.
- ★ Here's what we will be learning this week:
 - Science we will study animal habitats.
 - Math we are reading temperatures on a thermometer, subtracting, and doing probability.
 - Christ Light we will learn stories about the fiery furnace and Daniel.
 - Superkids we will keep writing our fictional stories, OU and OW, adverbs with ly.
 - Music we will work on studying a hymn for the week and learning the song for graduation.

Mrs. Trimmer
