

February 17-21, 2025

Last week was filled with accreditation visits, spirit week, 100th day, and Valentines Day. I know I had a lot of fun, but did a lot of relaxing this weekend! This week is only a three day week. Here are notes for the week:

★ Reminders:

- We are continuing to support our mission in Bend, Oregon.
- Assignment books should be looked at daily. Please let me know if you have any questions.
- We do not have school this Thursday and Friday, February 20-21.

★ Class Pet

- The class pet will go home with Elliot this next weekend.

★ Memory Work

- I have been having many students not learning memory work for school. This is an important skill to learn because they will be doing it the rest of their school years to come. Most importantly learning and retaining God's Word helps them in their daily lives and in their mission of spreading God's Word. If you are struggling in helping your child memorize, please let me know.

★ I'm returning the call!

- This means I am staying in Beaver Dam and not moving to Minnesota to teach. Thank you for those who have kept my family in your prayers.

★ Here's what we will be learning this week:

- Math we will be learning doubles facts plus 1.
- Superkids we will learn about how Y at the end of the word makes a vowel sound and we will start how-to writing. **NO SPELLING TEST THIS WEEK.**
- Christ Light we will learn Zacchues.
- Science we will learn about patterns in the sky and seasons.
- Music we will practice music for church.
- Gym class we will be a frisbee unit.
