

February 3-7, 2025

Welcome to the first week of February! Hopefully warmer weather continues to come our way. Last week, I sent a note home about a goal your children have set. This is a goal we are focusing on in our classroom. Please help encourage them to work on it daily. Here are notes for the week:

★ Reminders:

- Our January Bingo Challenge ended. I sent home a February bingo sheet on Friday.
- We are continuing to support our mission in Bend, Oregon.
- Assignment books should be looked at daily. Please let me know if you have any questions.

★ Class Pet

- Thank you to Quinn for bringing home our class pet this weekend.

★ 100th day

- Just a heads up that our 100th day will be on Wednesday, February 12th. I have decided just to prepare activities in class. I will not be sending any note home.

★ Mrs. Trimmer News

- As of this last Sunday, I received a call to teach grades 3-5 in Goodhue, MN. This is basically like a job offer from another WELS school. Please keep my family in your prayers as we decide where the Lord could best use us in my ministry.

★ Here's what we will be learning this week:

- Math we will be subtracting, measuring with rulers, and adding double digits.
- Superkids we will keep working with research paragraphs, contractions, and reviewing vowel teams.
- Christ Light we will learn The Pharisee and the Tax Collector and The Lost Son.
- Science we will learn about constellations and making sun dials.
- Music we will practice music for church and play songs with boomwhackers.
- Gym class we will be jump roping with a long rope.

Mrs. Trimmer
