

## March 10-14, 2025

Read Across America was so much fun last week with all the sampling of different books and treats to go with them from myself and two birthdays! This week looks to be very nice weather. The kids are trying to earn a park day so this might be the week! Here are the notes for the week:

### ★ Reminders:

- We are continuing to support our mission in Bend, Oregon for one more week.
- Third quarter ends this week. **If you want to meet with me about your child's progress, please let me know.**
- Lenten services are going on since last week. Services are at 3:45pm and 6:30pm. There is dinner between the two services in the church basement.

### ★ Class Pet

- Thank you Alaina for bringing our class pet home this weekend!

### ★ Market Day

- Please bring your market day project in on Friday, March 14th. Reminder you only need to bring in one sample if you wanted.

### ★ Watching the Weather

- Please watch the weather this week. If it is cooler in the morning, kids may be required to wear a coat. If it gets warmer in the afternoon, a sweatshirt may suffice.

### ★ Here's what we will be learning this week:

- Math we will be adding 10 to numbers, finding missing addends, and reviewing with an assessment.
- Superkids we will learn about tricky vowel words, writing poetry, and working on comprehension.
- Christ Light we will learn about Paying Taxes to Caesar and The Widow's Offering.
- Social Studies we will talk about making a budget and have our market day!
- Music we will play instruments and read rhythm and melody patterns in music.
- Gym class we will be a frisbee unit.
