

March 24-28, 2025

I pray everyone enjoyed their spring break. I hope it gave everyone a chance to relax and get healthy. We pray all our friends who were sick before break will be with us this week! Here are the notes for the week:

★ Reminders:

- Our fourth quarter mission is Martin Luther College. This is the college that provides many of our WELS schools and churches with teachers and pastors.
- Lenten services are going on since last week. Services are at 3:45pm and 6:30pm. There is dinner between the two services in the church basement.
- First grade sings Wednesday, April 2nd in the 3:45pm service.

★ Class Pet

- Our class pet did not go home this week due to all the sickness. Zookeeper will remain on Madilynn and she will bring it home next weekend.

★ Market Day

- I will get back to you via fastdirect and ClassDojo as soon as I get a new date.

★ Watching the Weather

- Please continue to watch the weather. The spring can be quite tricky when it comes to the varying temperatures and weather.

★ Fourth Quarter Memory Work

- I will not begin memory work this first week. The memory work sheet will be coming to you sometime this next week. **Please get into the habit of learning these with your children. They are for your child's spiritual benefit. Also, next year, they will be learning even longer passages so it is good for them to get into the habit of studying them.**

★ Here's what we will be learning this week:

- Math we will be estimating, drawing congruent shapes and line segments, and counting money.
- Superkids we will learn about the ALL pattern and writing descriptive sentences.
- Christ Light we will learn about two parables: The Parable of the Wicked Farmers and The Parable of the Wedding Feast.

- Social Studies we will talk about the Constitution and the history of our country.
- Music we will play instruments and learn our song for singing on Wednesday April 2nd.
- Gym class we will play some games to practice following directions.
