

May 19-23, 2025

We are down to the last full week of school! Keep working hard! Here are the notes for the week:

★ Reminders:

- Our fourth quarter mission is Martin Luther College. This is the college that provides many of our WELS schools and churches with teachers and pastors. **This is our last Monday to meet our goal.**
- The school dance is on Friday from 1:30-3:00pm. Parents are welcomed to come, but please not extra kids. Also, if you would like to help defray costs of the dance, please place money in an envelope and give to Mrs. Cooper.

★ Class Pet

- Hudson was sick on Friday so will be taking the puppy home during the week. I unfortunately mistimed the number of weeks for taking the pet home so Tessa will also be taking it home the last week of school during the week.

★ Summer Birthdays

- If you didn't see the note, I sent one home to the kids with summer birthdays. We will start celebrating those kids on Monday 😊

★ 10 Day Countdown

- Monday: Art day - using nature, perler beads
- Tuesday: STEM day - pancake making
- Wednesday: Lemonade day - making fresh lemonade
- Thursday **CHANGE!!**: Park day - please wear good walking shoes
- Friday: School dance day - we will also dance in the classroom

★ Classroom Book Published!

- Our class books arrived and we have many extra. My plan is to send home a book with kids who did not order one. I will also send two home with kids who have split homes so both mom and dad can have a copy!

★ Here's what we will be learning this week:

- Math we will be reviewing many concepts.
- Superkids we will learn about the pattern OW, finish persuasive writing, and do some end of the year first grade writing.
- Christ Light we will learn about the ministry of Peter and John and the persecution of the disciples.
- Science we will finish studying plants.

- Music we will continue learning our song for graduation and learn new songs to play games to.
- Gym class we will continue with floor hockey skills
